Lab Fee Schedule
University of Michigan Fertility Preservation
Effective: January 2011

Initial Appointment…………………………………..….…$445.00
Includes evaluation and collection assessment, semen analysis, freezing and test
vial post-freeze analysis, processing and initial storage fee.

Subsequent Visits (each) ..............................$292.00

Azoospermic samples……………………….……………$63.00
(Samples that have no viable sperm, and cannot be frozen)

Annual storage fee……………………………………..$301.00*
Fee includes storage from September 1 - August 31 each year, for all vials. Fee is charged in advance. You
will receive a billing in the mail by September, and annually thereafter.

Sperm Banking is usually not a covered insurance benefit. You will receive a bill from the University of Michigan Center for
Reproductive Medicine.

The Sharing Hope program provides lower cost sperm banking to single men with income < $50,000.00 and married men with income < $75,000. An application packet is included in this packet.

Please keep us informed of address changes. A Change of Address Notification form is included in this packet for your convenience.

Specimen Transfer Fee…………………………..$119.00 +shipping
Fee for transferring frozen samples to non-UMHS doctor or facility

Questions or concerns about billing?
Please contact the billing office at (734) 615-0396

*Annual storage fee will increase over time and notification of this increase will be via your yearly bill. Yearly storage fees are usually not covered by most insurance companies.
