About the Adult Hemophilia & Coagulation Disorders Clinic

You can reach the clinic program coordinator at (734) 936-6393.

The Adult Hemophilia & Coagulation Disorders clinic is located on level B1, reception area B of the Cancer Center. Plan to spend approximately 2 hours at the Cancer Center on the day of your appointment.

If your health insurance carrier requires a referral, it is your responsibility to obtain that referral prior to your clinic visit. If a referral is not in place at the time of your visit, you will be asked to sign a waiver holding you responsible for payment. If you are uncertain if your insurance does require a referral, please contact your health insurance carrier prior to your visit.

Please be sure your referral has authorized laboratory testing for your visit so that diagnostic blood work can be done.

You will need to bring the following to your appointment:

- Insurance card(s)
- A referral form if required by your insurance provider
- University of Michigan Blue “Registration Card”

(If you do not have a “Blue Card”, allow time to stop at the registration desk in the Cancer Center lobby before your appointment to have a card made for you.)

We ask that you gather the following information prior to your visit:
(All records need to be received in our office 2 weeks prior to your appointment. You may mail or fax them as indicated below.)

Note: If you have had these tests performed at the University of Michigan, we will have access to these reports and you will not need to gather them for us. All other patients will need to work with their physicians to collect these records. Please contact your physician’s office as soon as possible to begin gathering this information.

You may need to complete a release of information form before these records will be released to you.

Medical test reports and results including: (use the boxes as a checklist as you gather the documents)

- Medical Records*
- MRI report
- Laboratory reports
- Doppler Ultrasound Reports*

*Please note that these reports and medical records will be kept and placed in your UM Medical Record. Your physician’s office can give you a copy of any records you wish to keep.
