About the Hematology Clinic

Your can reach the clinic coordinator at (734) 647-8901.

The Hematology clinic is located on level B1 of the Cancer Center in Reception Area B. Plan to spend approximately 2 hours at the Cancer Center on the day of your appointment.

Note: You may need to stop at the blood draw lab on the ground level of the Cancer Center BEFORE coming to your appointment. Refer to your Appointment Itinerary in this folder. If it says: ‘PATHOLOGY LAB- LEVEL B2’, you should stop there prior to your clinic appointment. Again, the pathology (or blood drawing) lab is located on level B2, which is the ground level of the Cancer Center.

You will need to bring the following to your appointment:

Insurance card(s)
A referral form, if required by your insurance provider (fax referrals to 734-615-1139)
University of Michigan Blue “Registration Card”

(If you do not have a “Blue Card”, allow time to stop at the registration desk in the Cancer Center lobby before your appointment to have a card made for you.)

A completed Questionnaire about your medical and family history. You will find the questionnaire in this folder. This Questionnaire has been developed to help make the most of your visit. Please complete it and bring it with you to your visit.

We will gather pertinent medical information, for you. The need may arise when we need your assistance in obtaining records from your physician. If this is the case, we will contact you to sign a Release of Information Form. The following is a list of what we will be asking for.

Medical test reports and results including: (use the boxes as a checklist as you gather the documents)

- Medical Records
  (including all previous radiology, chemotherapy, radiation therapy and operative reports)
- Pathology Slides
  (glass slides of tissue that has been biopsied, along with the written reports by the pathologists)

Actual Films or CD (preferred method—must be DI-COM compatible) and printed reports of the following: (please hand carry these to your appointment)

- X-Rays
- MRIs
- CT Scans
- Bone Scans (skeletal surveys if diagnosis is multiple myeloma)

Please note that these reports and medical records will be kept and placed in your UM Medical Record. Your physician’s office can give you a copy of any records you wish to keep.

Use the back of this form to list questions you may have for the staff.
