

CANCER SUPPORT & DISCUSSION GROUPS

For Patients With Cancer and Their Families

Support groups are intended for cancer patients and sometimes their families. They are usually open to the public. Walk-ins are welcome unless noted with an RR, which indicates that registration is required before attending.

Where?

Locations of each meeting are listed under the group name on the reverse side of this document. Directions to each building can be found online at www.umich.edu.

When?

Support group meeting dates and times vary. They are listed on the reverse side of this document.
